MEMORANDUM FOR: Lieutenant General Richardson, DCSPER
Department of the Army

SUBJECT : Tour of Duty of [redacted]
With the Office of National Estimates

STAT

1. Subject officer, [redacted]
[redacted] has been assigned to the staff of the Office of National Estimates (ONE) since July 1963. He is currently scheduled to remain with this office until July 1965. It is requested that this officer's tour of duty here be extended to the normal three years, i. e., until July 1966.

STAT

2. [redacted] is the only active duty military officer on the ONE staff. His contribution to national estimates on Soviet military matters has proved invaluable to us, and we would miss his services greatly during the next year or so, particularly since the Soviet military establishment appears to have entered a period of change. He has been our primary drafter of estimates on Soviet general purpose forces, and we would be hard put to replace his professional military expertise.

3. [redacted] has been consulted on this matter, and he concurs in this request.
